In our present tarif legislation.

Maj. McKinley then writes about reciprocity as follows:

Another declaration of the republican platform that haven most cordial at open in that which tavors reciprocity. The aplantif results of the reciprocity arrangement that were made noder the tariff law of 1000 are striking and suggestive. The brief period they were in force. In most cases only three years, was not long chough to thoroughly test their great raise, but sufficient was shown by the stell to conclusively demonstrate the importance and the visition of their abouton.

After citing statistics of our trade with other countries, the major passes

with other countries, the major passes on to foreign immigration and says:

I am in heavis sympaths with the present
legislation restraining foreign immigration
and favor such extension of the laws as will
secure the United States from lawssion by the
debased and criminal classes of the old world.

Concerning our veterans, he says:

The soldiers and willows of the laws as all

Maj. McKinley then declares that he accepant marine and thoroughly and

aws. He then goes on: and, we have lately addressed our attention, with what may been great stress and carosetness to the new and unary used agreeted assumit upon the financial integrity of the government ste have done 15 because the menace is so grave as to demand expectual consideration, and because we are convinced that if the people are around to the true understanding and meaning of this silver and inflation moreovers, they will arest the danger. In doing this, we feel that we readed the best service possible to the country, and we appeal to the intelligence, complemed and pairtosism of the people, irrespective of party, or accident, for their caroses support.

After congratulating the country upon the almost total obliteration of sec-

tionalism, the major concludes as follows:

If called by the suffrages of the people to assume the dution of the high office of presidents of the United States. I shall count it a privilege to aid, even in the sightest degree. In the promotion of the spirit of fraternal regard which should animate and govern the situans of avery section, state or hert of the republic. After the lapse of a century slace its uttermine, let us, at issight and forever horeafter, here the admonstron of Washington: There should be no neith, no swift, no east, no west—but a common security. It shall be my constant aim to improve every opportunity to advance the entere of good noveroment by promoting that apriet of furiousness and justice which is on essential to our gross perity and harpiness, by joining root heartly in ail project digits to restore the relations of its initial project digits to restore the relations of the contribution of the situation of the grotter and affection which is on easily history characteristic aid the proper of all the states. I would be good to contribute toward binding in pulsarships unlike the different binding the pulsarships unlike the pulsarships and the pulsarships unlike the different binding the pulsarships unlike the pulsarships and the pulsarships unlike the pulsarships and the pulsarships unlike the pulsarships and the pulsarships and the pulsarships unlike the pulsarships and th

The Populist Vice Presidential Nomi-sists Upon a Formal Notification ATLANTA, Ga., Aug. 27 - Tuomas E. Watson to his paper yesterday evenng, asked to be notified of his nomination. He makes serious charges squinst Marion Butler, declaring that he senator has misstated facts, when quoted as anylog it has never been char-tomary to notify populist moming a and nites the fact that Gen. Weaver and Gan. Field were both no! Mr. Watson appeals to the com-to do its duty and concludes:

States Miniater Alexander W. Terreil the notified the Turkish government that the latter's answer to the dedemuity as a result of the berning of the American subsident at Etherput and Murach is not satisfactory.
